

The Grays Harbor Genealogical Society presents

# Genealogy Workshop

The Grays Harbor Genealogical Society is excited to sponsor outstanding lecturer Miriam Robbins for a **two-class** workshop. Classes are:

- **Frugal Genealogy or How NOT to Spend a Fortune on Your Family Tree.** Stretch your research dollars by considering the myriad of free and low-cost options available.
- **How to Find Volunteer and Low-Cost Researchers Online.** Need some help with long-distance research, but don't want to have to hire a full-cost professional? Learn how with this workshop.

**Saturday, September 13, 2014**

**1:00—3:15 p.m.**

**Aberdeen Museum of History**

**111 East 3rd Street, Aberdeen, WA**

**\$15 per person / \$10 for GHGS members**

For more than 25 years, Miriam Robbins has been increasing her knowledge of genealogy. She began in 1987, even before she had a computer, looking for her familial roots by writing letters, interviewing relatives, reading how-to books, and filling out family group sheets and pedigree charts. In 2005, she began teaching and lecturing about genealogy to various groups in the Inland Northwest. A talented instructor, she currently teaches Online Genealogy through the Community Colleges of Spokane's Institute for Extended Learning.

Now a professional genealogist, Miriam is an active member of the Eastern Washington Genealogical Society (Spokane), as well as a long-distance member of various genealogical and historical societies located in her ancestral locations.

This workshop is sponsored by the Grays Harbor Genealogical Society. For more information about this workshop or other programs, contact:
